Alpena MI 49707

Dear CEU Course Provider Applicant:

The Board of Electrical Examiners screening committee met July 21, 2015, and has approved Michigan Online Classroom to be a CEU course sponsor/provider. The curriculum approved by the board is "Changes in the 2014 NEC". Also, the screening committee approved the following as instructor(s) for the course:
Timothy Modrzynski

The committee has mandated that a textbook or a quality handout be supplied with each course. Upon completion of training, copies of the following must be immediately submitted to the Department of Labor:

- a. sign-in sheet legibly showing the names and license numbers of those in attendance
- b. letters/certificates attendees receive for attending the class.

This course may be presented anytime during the current code cycle; however, the board has requested a minimum of thirty (30) days notification prior to each course presentation. To provide the required notification, please complete and return to our office, the front page of the application showing the date, location and instructor(s) for the offered course.

Should there be any changes to the course curricula or if you wish to add instructors, you must complete the application in its entirety and submit it for Board approval.

If you have any questions please feel free to contact our office.

Sincerely,

A handwritten signature in cursive script that reads "Ronald E. Baker".

Ronald E. Baker
Labor Code Enforcement Administrator
Arkansas Department of Labor
